

Rules
III Riom Scientific Short Film Festival.

The III Scientific Short Film Festival of Riom will take place from 24 November to 25 November 2023.

The Riom Scientific Short Film Festival is organized by the association Science-Toi ! with the support of the City of Riom, the agglomeration community Riom, Limagne et Volcans (RLV) and the Departmental Council of Puy-de-Dôme as well as other public and private partners such as the Michelin Foundation and EDF Auvergne,

Contact email: festival_court@sciencetoi.fr
http://www.sciencetoi.fr/festival_court

The films presented must be related to science and in line with the objectives of the Festival:

- To make people discover and love Science, to make it beautiful.
- Explain science with messages that are accessible to all audiences
- To give a positive image of science
- To interest people in the world of science in a playful, creative and artistic way.
- To make people dream, to awaken their curiosity, to amaze them and to arouse their emotions
- Enriching reflections on Planet Earth (astronomy, climatology, biology, geology, ecology...)
- To raise awareness of the major challenges facing our planet (e.g. the importance of decarbonising our activities to limit their impact on the climate, the need to preserve natural resources and biodiversity as key elements of our future)

The Festival also aims to boost culture in the Riom, Limagne et Volcans (RLV) agglomeration community.

A young audiences session will be proposed with a selection of presented films.

Festival Prizes:

The symbolic sculpture: "The short film in the genes", a work by José Merino, will be a reward for the first prizes. This artwork represents a DNA molecule bearing a filmstrip.

First Prize of the Festival Jury:	Sculpture +	€500 + Diploma.
Second Prize of the Festival Jury:		€250 + Diploma.
First Audience Prize. General sessions:	Sculpture +	€500 + Diploma.
Second Audience Prize. General sessions:		€250 + Diploma.
First Audience Prize. Youth Session:	Sculpture +	€500 + Diploma.
Second Audience Prize. Youth session:		€250 + Diploma.

The winning films will be screened at a prize-giving ceremony on Saturday 25 November 2023.

The filmmakers present will receive their sculpture. It is planned to send the sculpture by parcel post to directors who will not be present in Riom.

1 - CONDITIONS OF PARTICIPATION

Any production (fiction, animation, documentary, experimental) meeting the objectives of the Festival may be submitted to the selection committee.

Films made after 1/1/2020

Films must not exceed 20 minutes in length.

Films already submitted to the selection committee may not be re-submitted in future editions of the Festival.

Films with a strong political, advertising or industrial component are not accepted.

When registering, please specify whether the film has already participated in other festivals and any previous awards.

Language: Films in non-French languages will be subtitled in French. This contributes to the popularization of science, making the film accessible locally to as many people as possible. A summary in English or French is compulsory up to 500 characters.

2. REGISTRATION

Registration will be made through the online site shortfilmdepot.com The registration is free.

The following elements must be attached to the online registration:

- A photo of the film
- An uploaded video file of the film
- An English or French summary

The transfer of a viewing video file is done by purchasing a stamp on shortfilmdepot.com

Registration opens on 15 may 2023.

Closing date: 15 July 2023

Notification of results: 15 September 2023

Files uploaded to shortfilmdepot.com will be considered.

3. SELECTION

The list of selected films will be available on the website http://www.sciencetoi.fr/festival_court (15 September 2023).

Films selected for the competition cannot be withdrawn from the Festival.

All contacts of the films entered will be informed by e-mail of the results of the selection.

4. VIEWING TECHNIQUE.

In order to make the Festival accessible to as many films as possible, MP4, AVI, WMV and MOV video formats will be accepted. Films in DCP format will be accepted.

In addition to the video file sent to the platform, the selected film can be sent by post to the association's address before 30 September 2023.

Maison des Associations.
27bis place de la Fédération
BP 40063
63202 RIOM Cedex
FRANCE

The media of the files sent by mail can be returned to their owners on site during the festival in Riom or by postal service.

The viewing files, as well as any document sent, will be kept by the Festival organization and Science-Toi!

The organization of the Festival will not cover the costs of participation in the Festival.

The website, the catalogue and the various publications of the Festival may contain the data and photos provided via shortfilmdepot.com. The participants authorize the free use of these data and images for non-commercial purposes.

Selected films for the Festival could be part of private screening sessions for the collaborating entities of the Festival, for regional cultural organizations and for organizations of general interest, such as the Riom penitentiary center.

The Youth session could be screened for students in the region.

Finally, the nominated and award-winning films in the different categories could be the subject of a session for the region general public to popularizing science.

5. WARRANTIES

Participants guarantee that they hold the necessary rights and authorizations for the films submitted.

Participants guarantee that they will bear the costs and possible damages of any legal action that may be taken regarding their films.

6. TELEVISION AND INTERNET BROADCASTING

Participants authorize the Festival and Science-Toi !, free of charge, to reproduce and broadcast on any medium (paper, electronic and/or digital, TV, internet, etc.) extracts and/or images of the films selected and/or awarded during the Festival.

These extracts will be less than 2 minutes long or 10% of the total length of the film for the purposes of information or reports about the Festival. An audiovisual composition of the different films may be produced to promote the Festival.

7. History of the Riom Scientific Short Film Festival.

The Riom media library could keep the films selected by the Festival, which can be consulted free of charge on site.

The participants in the Festival accept without reserve the terms of the present rules.
