

REGULATION Fast & Curious

The 39th edition of the Festival Curieux Voyageurs, the festival of travelers' movies, will take place on March 9th, 10th and 11th 2018, Espace Fauriel in SAINT-ETIENNE – FRANCE.

This call for films concerns the new FAST & CURIOUS mini-film competition organized by Festival Curieux Voyageurs.

Conditions of participation

Here we are already at the third edition of the challenge FAST and CURIOUS launched in 2016: try, in 2'30 ", to present us a film of travel or around the trip!

2'30 " is the duration of a song and that's what we expect from you: take us elsewhere for 150 seconds, with your words and your little visual music to you.

It can be a trip to the end of the world like at home, a journey lived as well as an imaginary trip, a film shot with a camera, a phone, an animated film or even still images.

We expect a film that tells us something, a story with a beginning and an end, an original creation that is not simply a juxtaposition of beautiful images or selfies *: a real movie, what.

Do not be afraid of your imagination!

* bear in mind that, in a general way, the selfie does not support well to leave the family or friendly circle!

The number of submissions of movies is limited to 2 by director.

The duration of the film must not exceed 2,30 minutes.

Submission

The films for preselection can be posted on the website www.shortfilmdepot.com until february 25, 2018.

Format : MOV, AVI or MP4

Selection

After validation by a selection committee, the videos will be posted on the Youtube channel of Fast & Curious and the 2 best videos will be awarded during the Curieux Voyageurs festival on March 9, 10 and 11, 2018.

The 1st prize is a one-week stay for one person at Ecolodge Touda, in the Moroccan High Atlas. ([Http://www.touda.fr/](http://www.touda.fr/)).

Broadcast during the festival

The videos will be broadcast on Saturday, March 10 and Sunday, March 11 in a dedicated room for free access and the 2 winning videos will be highlighted during the awards session on Sunday, March 11 afternoon.
